Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

I would like to be a part of an organisation related to my home faculty such that I can be the bridge between the school and students as well as forge deep friendships along the way. As part of the Management Committee, I will also be able to represent computing club members and take care of the needs and welfare of fellow students. I understand how stressful school life can be and I would like to have the opportunity to plan activities for my fellow students to have fun and de-stress. In addition, I will also be able to develop myself professionally while working together with other like-minded individuals within the organisation.
