Why I want to be part of the Committee

About Me

- I've always had an ~~an~~ interest in health and fitness
 - Was once overweight and this helped me gain confidence in many areas of my life
 - Organising Sports outings ~~with my friends~~ (on a small scale) (gatherings)
- has always been fun for me

How I can add value to Computing club

- I truly believe that every student should ~~take part~~ be engaged in ~~the~~ physical activity in one form or another as it can improve their wellbeing ~~by~~ a lot! (in terms of health & friendship)
- I believe that my experience as a personal trainer as well as athlete in the past would help me understand challenges of why students may not want to partake in ^{physical} activities.
- I do hope to be able to bring health and fitness into the lives of students by organising activities that directly gives them what they want in a fun and non intimidating way
- And I love hanging out ~~and~~ & doing projects like this!
