(ATTACH ADDITIONAL A4-SIZED PAPER IF REQUIRED)

## Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

(ATTACH ADDITIONAL A4-SIZED PAPER IF REQUIRED)

List down all skill(s)/experience(s) relevant for your intended position:

(ATTACH ADDITIONAL A4-SIZED PAPER IF REQUIRED)

## Declaration of Interest

### Why I want to be a part of the NUS Students' Computing Club Management Committee:

- Participated in previous Computing Club activities and experienced first hand the great synergy running through the organisers, as well as with the participants
- I see great experience, potential and passion in myself, which can be put into use to further the cause of my fellow faculty-mates
- That aside, I am interested in joining Computing Club because of several key reasons:
  - **Personal goals:** Leadership exposure, building my inter-personal skills while collaborating together with my fellow management committee members.
  - **Goals as a management committee member:** Strengthening the SoC family by interacting and creating meaningful bonds within the faculty (both students and professors), and contribute my existing skill-sets to the committee.
  - **Adding variety into my student life and pushing myself out of my comfort zone.** After all, Year 1 is the best time to attempt something new since we have less academic workload!

**List down all skill(s)/experience(s) relevant for your intended position:**

• **Building external relations**

- for FoW, I found a startup who was interested to sponsor items and/or cash and connected them with Huiqi to liaise further
- I am comfortable with approaching strangers. For one of my internships, I cold-called schools to inquire if they would let us run roadshows in their compound
- I am familiar with the local startup community because I was involved in an entrepreneurship program organised by DBS. Through working with startups, I know startup founders who may be keen on sponsorship to market their products/services to students

• **Familiarity with running events**

- I was part of the subcommittee of Ngee Ann Polytechnic's Student Union
- Organised events such as Ngee Ann Polytechnic's Sports Fiesta
- Familiarity with procedures such as proposal writing and sourcing for sponsors

• **Familiarity with publicity**

- Worked in a branding agency for a while
- I was part of the Design committee in one of my CCAs in polytechnic
- I know good lobang to print t-shirt and stickers
- With this knowledge and skill set, it would be easier to collaborate with our publicity team on branding and marketing direction of events and SoC as a whole

• **Familiarity with marketing**

- I was a marketing and entrepreneurship student from Ngee Ann Polytechnic
