## Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

I was first made aware of the NUS Students' Computing Club MC after attending the Freshmen Orientation Week (FOW) Camp when matriculated into NUS. I was very impressed at the smooth flow of events and the overall experience of the camp was a very positive one for me. I was interested then but refrained due to the workload I received as year 1 and I feared that I was unable to cope with my studies. However, things changed after year 1 and having participated in both FSC and FOW again as an OGL this year it made up my mind to be part of the management committee to help with the skills that I currently possess to help provide a positive experience not just to incoming freshmen for current students in NUS.
