## Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

I want to be a part of the NUS Students' Computing Club Management Committee as I have enjoyed the activities organized by Computing Club in the past year and I hope to do more than just participating in these activities. I am very thankful for the events and welfare the committee has given us and I hope to continue to provide these enjoyable experiences to the current undergraduates by taking part in the planning and execution of these events and activities. Having heard stories from past committee members, I want to challenge myself especially under these special circumstances as we try to make things work with COVID-19 around.

List down all skill(s)/experience(s) relevant for your intended position:

My intended position is the General Secretary. I was the secretary for my CCA in secondary school. The group consisted of around 100 members and I was in charge of the CCA's administrative work such as the attendance record. As part of the CCA EXCO, I also had to organize activities (such as CCA Camp) and plan welfare for the CCA. As the basketball captain for Kent Ridge Hall, I have also been handling the administrative work of our members. With these experiences, I believe I have the organization skills to take care of the overall administration of the club. I am disciplined and able to uphold the club's Rules and Regulations. I also believe that I can provide good welfare for the other committee members 😊
