Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

I want to be a part of the NUS Students' Computing Club Management Committee because this makes me legally responsible for the affairs of the constitution, which is also my own faculty club. As an ex-member of the 21st Management Committee (Deputy Director of Marketing in Merchandise), I have experienced and learnt the skills to be responsible for encoding the policies, processes, rules, and entities of the constitution. In the 22nd Management Committee, I hope to take part again but to take up a heavier role this time round. I would make sure that I continue to act honestly and in the best interest of the association and exercise care, skill and diligence in carrying out my role.

My first choice of roles will be VP of External Relation & my back up choice will be General Secretary.
