Declaration of Interest

Why I want to be a part of the NUS Students' Computing Club Management Committee:

I wish to be part of the 19th MC mainly because I want to continue to provide the incoming freshmen with the best orientation experience possible. I think there were a number of areas I could have done better this year as RAG Project Director, in part due to inexperience. So with what I have learnt over the last summer, I think I am able to do better this year and provide the next batch of incoming freshmen with an even better experience.
